ASUR Announces Total Passenger Traffic for December 2021

Passenger traffic increased 5.1% in Mexico and 11.2% in Colombia while decreasing 1.7% in Puerto Rico, compared to pre-pandemic levels in December 2019

Mexico City, January 6, 2022 - Grupo Aeroportuario del Sureste, S.A.B. de C.V. (NYSE: ASR; BMV: ASUR), ASUR, a leading international airport group with operations in Mexico, the U.S. and Colombia, today announced that passenger traffic for December 2021 totaled 5.5 million passengers, 5.2% above total traffic reported in December 2019. The traffic increase reflects the continued overall recovery in global travel demand, the ongoing rollout of Covid-19 vaccination campaigns in the U.S., and gradual vaccination progress in Mexico, partially offset by government travel restrictions and requirements in certain countries that are intended to contain the spread of the Covid-19 virus.

When compared to pre-pandemic passenger levels in December 2019, ASUR's passenger traffic increased 5.1% in Mexico and 11.2% in Colombia during December 2020, while decreasing 1.7% in Puerto Rico. Passenger traffic growth in Mexico and Colombia was driven by both domestic and international traffic increases, while growth in domestic passenger traffic in Puerto Rico did not offset lower international traffic in this market during the same period.

This announcement reflects comparisons between December 1 through December 31, 2021, December 1 through December 31, 2020, and December 1 through December 31, 2019. Transit and general aviation passengers are excluded for Mexico and Colombia.
